

Distance Education Programs Offered at NCCC

Neosho County Community College provides certificate and degree programs through Distance Education. The programs listed below contain one or more Distance Education Course. The general education portion of all of the degrees require courses that are offered as distance education courses. Due to these requirements, all Associate of Applied Science (AAS), Associate of Arts (AA), Associate of General Studies (AGS) and Associate of Science (AS) degrees are considered Distance Education Programs.

Distance Education Program

An academic program offered in whole or in part through distance education, regardless of whether a face-to-face, on-ground or residential option is also available.

Distance Education Course

A course in which at least 75% of the instruction and interaction occurs using one or more of the technologies listed in the definition of distance education, with the faculty and students physically separated from each other.
