

Logging in to myNeosho

All students and employees are assigned either a Neosho ID# or Student ID#. The default password for myNeosho is the last four digits of your social security number. Enter this in the two login fields located at the top of your screen. It is recommended that you change that password to a more secure password using the 'My Profile & Settings' function found under your login glyphicon or uploaded picture image once you have successfully logged on.

Forgot your password?

myNeosho password resets are available by using the 'I forgot my password' function.

A random computer generated password will be emailed to your Neosho email address. Log in, then, utilize the password reset function explained above to reset your password to something relevant to you. If you encounter problems with this process, 24x7 Tech Support is available by using the Email or Chat links or Phone number provided below. A trouble ticket will be filed and addressed by Neosho staff the next business day.
